

Feb 2013 – Lochwinnoch Chatterbox Edition

LEAP's 'OFF GRID GROUP'

Do you use LPG, Oil or Coal to heat your home?

Are you finding the costs of heating your home are rising?

LEAP are interested in getting householders together who are not on mains gas, to discuss options to make your home heating more economical. This could include possibilities like renewable energy, district heating, grouping together for bulk purchase or mains gas extensions. There are a range of grants and subsidies available. We'd love to hear from you whatever your circumstances. Please contact us at info@myleaproject.org, drop in, or telephone the Hub:

22 Church St, Lochwinnoch, PA12 4AD, Tel: 01505 842 530
